TECHNICAL SKILLS

- Languages & Frameworks: PHP (Laravel, CodeIgniter), Python (Django - Basic)
- Frontend: JavaScript, jQuery, React.js (Basic), HTML5, CSS3
- Database: MySQL
- API & Integration: REST API, Third-Party API, Payment Gateway Integration
- Tools: Git, cPanel, AWS, PuTTY
- Other: Debugging, Unit Testing, Deployment

CORE STRENGTHS

Problem Solving • Web Development • API Integration • System Design • Communication • Team Collaboration

EDUCATION

2024 - 2026
JAHANGIRNAGAR UNIVERSITY
MSc in Information Technology
(Result: Upcoming)

2019 - 2022
DAFFODIL INERNATIONAL UNIVERSITY
Bsc in Software Engineering
(CGPA: 3.71)

MARUF HOSSAIN

SOFTWARE ENGINEER

PROFESSIONAL SUMMARY

Software Engineer with 3+ years of experience in PHP (Laravel) development, specializing in scalable web applications, API integrations, and full-stack solutions. Proven experience in OTA platforms, ISP systems, and management software, along with server deployment on AWS and cPanel. Strong focus on performance optimization, clean code, and system reliability.

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER | MARCH, 2025 - PRESENT
LogicXchange

- Develop and maintain scalable applications using Laravel.
- Work on OTA platforms, ISP systems, and pharmacy management systems.
- Handle full-stack development (frontend + backend).
- Deploy and manage applications on AWS and cPanel servers.
- Optimize system performance and troubleshoot issues.
- Design APIs and integrate third-party services.

SOFTWARE ENGINEER | MARCH, 2024 - FEB, 2025
Babylon Resources LTD.

- Built and maintained full-stack web applications.
- Developed reusable, modular code to improve efficiency.
- Upgraded existing systems for better performance.
- Participated in system design and technical planning.
- Ensured quality through testing and debugging.

JR. SOFTWARE ENGINEER | SEPT, 2022 - FEB, 2024
Prime Tech Solutions LTD.

- Developed backend features and API integrations.
- Maintained and improved existing systems.
- Assisted in debugging and testing processes.
- Supported technical analysis and project planning.

PROJECTS I HAVE WORKED ON

- Full-featured ISP platform for billing, user management, and service monitoring.
- OTA (Online Travel Agency) Platforms: Worked on multiple travel systems including flight booking, pricing, and API integrations.
- SMC Corporate Website – https://smc-bd.org/
- Blockbuster Cinemas – https://blockbusterbd.com/
- Paribahan Platform – https://paribahan.com/
- SMC GSM Inventory System (Ongoing)
